

CALLAHEAD'S **DOCKSIDE** RESTROOM TRAILER

The DOCKSIDE is a 4-station restroom trailer designed with four private restrooms for guaranteed privacy for every user. This is a CALLAHEAD restroom trailer with two private women's restrooms and two private men's facilities. The interior homelike design delivers a comfortable and sanitary bathroom experience. The DOCKSIDE Restroom Trailer is for any long term or short-term rental need. A porcelain flush toilet, handwashing sink, and vanity area are in each private restroom, along with thermostat heat and air conditioning, making the DOCKSIDE a winning solution for wherever restroom trailers are needed. Along with CALLAHEAD's hospital-grade cleaning service, innovative equipment, and nearly 50 years of experience we are unmatched in the portable sanitation industry.

The DOCKSIDE Restroom Trailer's bright white exterior with outdoor lighting will look crisp and clean in any location and is perfect for evening use. Users can enter each of the four spacious restrooms utilizing a sturdy floating slip-proof staircase with an aluminum handrail. Each restroom door has a gender sign on the exterior for convenience. In addition, CALLAHEAD's signature signage, "CALLAHEAD Luxury Restroom Trailers", will indicate the very best restroom trailers for peace of mind for a pleasant trip to the restroom.

The DOCKSIDE Restroom Trailer can be rented both long-term and short-term. Restaurants, marinas, beaches, pools, parks, bathroom renovations, emergencies, schools, marathons, sporting events, construction, train stations, airports, special events, and seasonal locations are just a small sample of places where the DOCKSIDE Restroom Trailer is commonly rented.

The interior has a home-style design with walls painted two shades of gray with white wood trim at the base, crown, 3-foot height, around the door, and mirror in each restroom. The spacious interior of the four DOCKSIDE private restrooms include a porcelain flush toilet bowl for easy hands-free operation. The double roll toilet paper dispenser is wall mounted and conveniently located near the toilet seat. The vanity's stainless steel sink basin delivers hot and cold running water from the single lever auto shut-off Chicago brand faucet. The vanity area includes a mirror and wall-mounted towel dispenser. Above the mirror are modern-style sconces to add to the décor. There is also a built-in trash receptacle in the vanity to help keep the restroom clean.

All four restrooms have identical amenities inside. An internal locking system on each restroom door triggers an exterior occupancy sign for assured privacy. As an added feature, a vacant sign will illuminate to conveniently show availability when any DOCKSIDE restroom is not in use. Armstrong wide planked wood laminate flooring extends throughout all four restrooms adding to the warmth of the restroom's design. LED ceiling lighting brightens up the entire restroom. There is also storage space available below the sinks for extra supplies.

The DOCKSIDE Restroom Trailer is equipped with a thermostat heat and air conditioning system that will provide a comfortable temperature any time of year. Also, the women's and men's restrooms have a ceiling vent to eliminate odors from previous users. The DOCKSIDE Restroom Trailer conveniently runs from a generator or standard 110 Volt outlet.
