

WATER CLOSET PORTABLE RESTROOM

The **WATER CLOSET Portable Restroom** is a long-term portable toilet rental to provide comfortable and sanitary bathroom facilities. The **WATER CLOSET** is an upgrade from a standard portable toilet with a flushing toilet, and handwashing sink with antibacterial soap and towels included. The term "water-closet" was the original term for a room with a toilet. Going back to the 1700s, a water closet was a room in the home with plumbing for doing private business and washing up. Since handwashing is essential to protect the public from spreading illnesses and deadly viruses, the **WATER CLOSET** delivers both a toilet and sink in one convenient and efficient rental. The **WATER CLOSET's** flushing toilet and handwashing sink are separate, hard sided and self-contained so you never have to worry about contamination. Construction crews at the job site, staff and visitors at pop-up hospitals or any long-term rental location will appreciate the **WATER CLOSET** full-service portable toilet when they need to use the restroom facilities.

The **WATER CLOSET** delivers the best in portable toilets to New York's businesses and residents.
