# SINK SYSTEM

### ADVANTAGES WHEN COMPARED TO PORTABLE SINKS & HAND SANITIZERS

- FAUCET IS MADE OUT OF STAINLESS STEEL AND PROVIDES WATER EXACTLY THE SAME AS THE FAUCET IN YOUR HOME
- CALL-A-HEAD SUPPLIES BOTTLED WATER AS NEEDED (NO CHARGE)
- GREY WATER FLUSHES DOWN SINK & DRAINS TO AN OUTSIDE HOLDING TANK
- TRAILER WILL NOW HAVE RUNNING WATER AT AN AFFORDABLE PRICE

### SPECIFICATIONS

- FAUCET CONSTRUCTION - STAINLESS STEEL
- TANK CONSTRUCTION - POLYETHYLENE
- SINK WATER - SINK WATER PROVIDED WITH FRESH WATER JUGS
- RECOMMENDED USAGE - CONTINUOUS, PROVIDED WATER BOTTLES ARE CHANGED BY CUSTOMER IN SAME MANNER AS WATER COOLER BOTTLES ARE CHANGED
- SERVICE - WASTE WATER PUMPED WEEKLY
- WASTE TANK CAPACITY - 100 GALLONS
- OPERATION - CLASSIFIED

FRESH WATER BOTTLES ARE USED TO SUPPLY WATER TO FAUCETS

HOLDING TANK TO COLLECT GREY WASTE UNDER TRAILER

Created nearly twenty years ago by Call-A-Head, the sink system has been copied by virtually every portable toilet company in America. The only standing difference, aside from Call-A-Head being the inventor of the sink system, is that Call-A-Head uses fresh water when servicing sink systems, as opposed to water delivered from the tank of a toilet truck. This is far less sanitary and should be completely unacceptable to all involved. Call-A-Head has relied on bottled water companies to supply their customers with water jugs. However, due to cost complaints, Call-A-Head is now offering their own fresh water bottles to customers at absolutely NO CHARGE. (Bottled water must be used with Call-A-Head systems only.) The Call-A-Head sink system has been improved, is very affordable, and remains the best sink system available today. It is the belief of Call-A-Head that every trailer in America would be better served by having running water in its bathrooms - regardless of availability. Contact Call-A-Head today and let us solve all your fresh water needs. Call-A-Head is "Service People Trust".
