

BY CALLAHEAD **SOAP STONE** RESTROOM TRAILER

The SOAP STONE is a CALLAHEAD 8-Station portable restroom trailer rental excellent for construction or any long-term need. The SOAP STONE RESTROOM TRAILER delivers clean and comfortable separate women's and men's bathroom facilities. Professional delivery of the SOAP STONE includes New York City's five boroughs, and all of Westchester, Nassau and Suffolk Counties.

The SOAP STONE is a very spacious restroom trailer equipped with thermostat heat and air conditioning for year-round use. Whether you require a portable restroom trailer for an office building's bathroom renovation, construction site, water shut-off or emergency situation CALLAHEAD will provide all the necessary amenities for a sanitary trip to the restroom.

The SOAP STONE is a CALLAHEAD brand that will deliver hospital-grade clean bathroom stalls and hand washing sinks when and where you need them. In business since 1976, CALLAHEAD has decades of experience to ensure you always receive stress-free service.

The SOAP STONE RESTROOM TRAILER has a white exterior plus outdoor lighting for evening construction sites. The wide floating entry staircases of both the women's and men's restrooms have slip-resistant services and stainless steel handrails. The restroom's entry doors are self-closing and display CALLAHEAD's signature signage.

The women's restroom has four bathroom stalls with lockable doors. Every stall has a porcelain flush toilet, double toilet paper dispenser, covered trash receptacle, coat and hat hook, and an interior lock. The men's restroom has one private bathroom stall and three Sloan porcelain waterless urinals with privacy dividers. There is a marble shelf above the urinals for convenience. Each of the stall doors and privacy dividers is a lovely light blue color.

Both restrooms have Corian vanity countertops with porcelain sink basins. The women's side has two sinks, and the men's restroom has one. Each sink has chrome automatic faucets to supply hot and cold water. There are wall mounted soap and hand towel dispensers in the vanity area. The vanity's built-in trash receptacle will help keep the restroom clean. White painted wood trim mirrors are wall mounted above the sinks. Extra supplies can be stored in the vanity's storage cabinet. Commercial grade rubberized laminate flooring is extremely durable and perfect for heavy construction jobs.

A Coleman-Mach thermostat heat and air conditioning system can be adjusted to the perfect temperature inside the SOAP STONE RESTROOM TRAILER. Additional toe-kick heaters in both restrooms will provide extra warmth during the colder winter months. Ceiling vents will offer any additional ventilation inside the restroom whenever you need it. The LED high-hat ceiling lights will supply plenty of light inside the SOAP STONE Restroom Trailer. The restroom trailer runs on a 110-Volt outlet or generator for convenience.

Designed for any construction,
commercial or residential location.

Corian vanity countertops with
porcelain sink basins.
