

## World VIEW 16 SECURITY BOOTH

Security guards are a necessity for protection from theft, vandalism, public safety, and personal liability. Construction job sites, corporate and government buildings, and shopping malls are just a few locations that require 24-hour security. CALLAHEAD's WORLD VIEW 16 is the answer to providing security detail protection from the weather while oversized windows on all four sides offer a complete view of the grounds they are protecting. Did we mention it looks spectacular in any location and is constructed of only marine-grade heavy-duty materials? Designed by award-winning builder and CALLAHEAD's President and CEO, Charles W. Howard, the WORLD VIEW 16 is manufactured by CALLAHEAD and unavailable anywhere else. Built weather tight with thermostat heat and air conditioning provide year-round comfort for long-term and short-term rental needs.

The WORLD VIEW 16 is a popular rental for permanent and seasonal locations, and special events. Parking garages and lots, valet parking services, nightclubs, beaches, pools, country clubs, park and recreation departments, sporting facilities, golf courses, arenas and concert venues requiring ticket collection, cashier stations, or security detail are just a few examples of where the WORLD VIEW 16 is commonly rented. Fire prevention and detection, emergencies, movie and film sets, demonstrations, protests, COVID vaccination sites, contested elections, and terror threats are common circumstances for security and the WORLD VIEW 16 rental is in high demand.

Constructed of high-density polyethylene marine grade plastic, the WORLD VIEW 16 was built using only premium heavy-duty materials. Marine-grade aluminum and built-in marine grade stainless steel fasteners deliver a durable as well as stylish design. The exterior comes in several color choices: blue, green, orange, brown, indigo, arctic white, dolphin gray, and red. Eight color choices combined with a polished aluminum finish will create an extraordinary design to match any location's setting. With so many color choices, CALLAHEAD gives the power to our customers to select the perfect color to match any location's setting and design. Such as a green WORLD VIEW for a residential area or park setting, orange on the construction site, white in front of a medical building or hospital, a blue WORLD VIEW for a school or university, or select whatever color that best matches or represent a business or location. Mr. Howard's design produces a spectacular security or ticket booth that looks like it was built especially for the location adding to its value. The details continue with marine-grade aluminum corner moldings, base moldings, and aluminum panels. The roof moldings have an aluminum trim complimented by aluminum flats. The WORLD VIEW 16's extraordinary architecture makes it ideal for securing landmarks, hotels, stadiums, museums, and estates. In addition, the WORLD VIEW 16 is an excellent rental for private homes, churches and synagogues, schools and universities, award ceremonies, and red carpet events.

The WORLD VIEW 16 is equipped with a commercial-grade aluminum auto close lockable door with a window. The door has a key lock entry and an interior locking system. On the other three sides of the WORLD VIEW 16 is a 36" x 36" window on each side to provide easy viewing from all four sides of the surrounding area.

The WORLD VIEW 16 is completely weather tight, so it can be rented any time of year. A wall-mounted Stelpro 1500 Watt fan-forced heater will provide warmth during New York's coldest winter months. A Coleman Mach 13,000 BTU air conditioning unit is installed overhead to keep security detail cool throughout humid summer days and not impede any interior space.

The WORLD VIEW 16's three extra-large sliding windows with screens offers fresh air flow when you need it inside. All of the windows have an interior locking system for added security. In addition, there is a porcelain pull chain LED light fixture to provide the necessary light for evening and nighttime use. There is also a 2-way 110v electric outlet installed inside the WORLD VIEW 16 for convenience.

The WORLD VIEW 16's interior finish will match the exterior color. The Armstrong flooring is a wide plank faux wood or a faux tile. The spacious 16 square foot interior boasts plenty of room for a table and chair to provide a comfortable workstation during every tour of duty. CALLAHEAD also offers the option of adding our convenient furniture package with its rental.

The WORLD VIEW 16 will provide every security detail, valet parker, or cash and ticket collector a comfortable and safe workspace so they may do their very best job protecting the public and personal property or any other job duty. Renting the WORLD VIEW 16 will create better employees by providing them comfort and safety on the job. Because this is a CALLAHEAD brand exclusive design, the WORLD VIEW 16 booth is only available through CALLAHEAD.

The WORLD VIEW 16 booth rental is available for same-day delivery throughout New York City's five boroughs: Manhattan, Brooklyn, Queens, Bronx, and Staten Island, Westchester County, and Long Island's Nassau and Suffolk Counties. As with all of CALLAHEAD's equipment, the WORLD VIEW 16 will be delivered by a CALLAHEAD professional uniformed delivery specialist. Our delivery specialist will arrive at your location in one of CALLAHEAD's signature delivery vehicles and place the WORLD VIEW 16 at the location you select.
