

CAH A16 SHOWERHEAD

When you want a shower that operates like a shower in your home and can be delivered to just about any location, CALLAHEAD has you covered. CALLAHEAD's CAH A16 SHOWERHEAD is another innovative design by President and CEO Charles W. Howard and the only one of its kind in the portable sanitation industry. The CAH A16 SHOWERHEAD is a custom designed portable shower that looks and operates like a home shower stall on the inside with an extraordinary architectural design construction on the outside. With the CAH A16 SHOWERHEAD rental you have a private and spacious shower with lockable door, hot and cold running water, and delivered directly to your location. Plus, the CAH A16 SHOWERHEAD looks incredible and adds value to any property. The CAH A16 SHOWERHEAD is manufactured by CALLAHEAD and unavailable anywhere else.

The CAH A16 SHOWERHEAD is the answer to deliver homelike shower comfort to construction sites, emergency locations, athletic fields, bathroom remodeling jobs, campgrounds, pools and beaches, or any situation in need of showers. The heavy-duty exterior design means the CAH A16 SHOWERHEAD can handle any commercial construction site. The extraordinary design available in many color choices means the CAH A16 SHOWERHEAD will blend in and look spectacular in any location. Built using only premium heavy duty marine grade materials, this is the greatest portable shower ever designed.

The CAH A16 SHOWERHEAD has a self-closing commercial grade aluminum door. The interior stall resembles a home shower stall. The door has a key lock entry and an internal lock for ensured privacy. The traditional home design and construction do not look or operate anything like a portable shower. The stall shower has a traditional full length shower curtain for privacy and eliminates water spray outside the shower stall. A Glacier Bay double handle shower provides hot and cold-water options to adjust to the perfect temperature. Instant Hot 1,800 watt 15-amp electric tankless water heater will deliver plenty of hot water on demand. A chrome shower head is properly located above the water valves. A ceiling installed 12-inch by 12-inch exhaust fan inside the shower helps eliminate moisture and humidity inside shower. Four low voltage 3-inch LED high hat lights will provide plenty of light inside the shower.

The CAH A16 SHOWERHEAD is built weathered tight to handle every New York season. This remarkable portable shower is double walled and so well insulated for use during the ever-changing New York weather. The CAH A16 SHOWERHEAD is constructed of high-density polyethylene marine grade plastic. It is manufactured by CALLAHEAD using only premium heavy-duty materials. The marine grade diamond plate aluminum and built-in marine grade stainless steel fasteners provide strength and design. Exterior color options include Dolphin Gray, Steel Blue, Green, Red, Blue, Yellow, Brown, Orange and White to make any location look spectacular. The eye-catching design of five various metals combined with its innovative operating makes the CAH A16 SHOWERHEAD by far the best portable shower ever designed.

The CAH A16 SHOWERHEAD is powered standard 110-Volt outlets or generator for convenience. It is available for delivery throughout New York City's five boroughs, Westchester and all of Nassau and Suffolk Counties to Montauk Point. As with all CALLAHEAD's equipment, the CAH A16 SHOWERHEAD will be delivered by a CALLAHEAD professional uniformed delivery specialist. Our delivery specialist will arrive at your location in one of CALLAHEAD's signature delivery vehicles and place the CAH A16 SHOWERHEAD at the location you select.

THE CAH A16 SHOWERHEAD OPTIONAL ACCESSORIES TO RENT:

For added convenience, we are proud to offer the below list of optional accessory items with the CAH A16 SHOWERHEAD. All of CALLAHEAD's rental accessories were selected to deliver the same comforts and hygienic protection of a home bathroom. CALLAHEAD's portable restroom accessory items are unparalleled in the portable toilet industry and include:

Antiseptic Dispenser installed inside CAH A16 SHOWERHEAD filled with our waterless hand sanitizer. Our waterless hand sanitizer kills 99.9% of germs and bacteria and meets OSHA and Health Department requirements for sanitary protection. The antiseptic dispenser supplies approximately 900 – 1300 applications • GoJo Hand Cleaning Dispenser is installed in the CAH A16 SHOWERHEAD and filled with the #1 heavy duty GoJo hand cleaner. GoJo Hand Cleaner is popular among auto mechanics for its ability to break down grease and grime easily. GoJo Hand Cleaner has become widely popular with construction workers and contractors to remove acids, cement and other solvents from hands
