

CALLAHEAD'S *Fresh* POUR SHOWER TRAILER

CALLAHEAD has been in business since 1976 and has the largest selection of equipment with the most sanitary service in the industry. Every piece of equipment on our website is available in New York and never varies by location since we only serve the New York area. We are 260 plus New York employees and growing every day due to our impeccable service and one-of-a-kind inventions by President and CEO Charles W. Howard and manufactured by CALLAHEAD.

The FRESH POUR Shower Trailer is a CALLAHEAD brand delivering two private restrooms with everything you would expect inside a home bathroom. Hot and cold water easily adjusted to the perfect temperature for the shower and sink. A porcelain flush toilet, vanity area, and thermostat heat and air conditioning provides all the comforts of a home bathroom to any location. No other company can match CALLAHEAD for every portable sanitation need. We are the best in the industry because we thrive on perfection using only hospital grade cleaners and disinfectants for the health and safety of our clients.

CALLAHEAD'S FRESH POUR Shower Trailer has a bright white exterior with outdoor lighting. The two separate entrances for each of the two private bathrooms have wide floating staircase entries with CALLAHEAD'S signature signage. The self-closing door locks from the inside and triggers an exterior occupancy sign for user privacy. Once inside you will be immediately impressed with the spacious interior and modern homelike design. Each restroom inside the FRESH POUR Shower Trailer is completely separated from the other for assured comfort. The gray high gloss walls have white trim throughout. The wide planked weathered grey Armstrong flooring brings warmth to the restrooms setting.

The FRESH POUR Shower Trailer has everything you need to take a refreshing shower wherever you need too. The stall shower has a shower curtain to eliminate water spray into the rest of the restroom while also offering an extra layer of privacy. The shower's single lever handle allows you to adjust the water temperature to your desired temperature. The shower head is adjustable to provide the proper water coverage. A shelf is also available inside the stall to place shampoo, body wash or other toiletry items. Wall mounted hooks are conveniently located to hang towel, robe, and clothing directly outside the shower.

Inside the FRESH POUR Shower Trailer is a sink area with a corian vanity countertop and a porcelain sink basin. The single lever Kohler faucet delivers both hot and cold water options. A wall mounted paper towel dispenser is located above the sink. A built-in trash receptacle will help keep the sink area clean. There is a vanity mirror above the sink and storage beneath the sink for supplies. The porcelain flush toilet bowl has a foot lever flush for easy hands-free operation. A double roll toilet paper holder is located near the toilet seat for convenience.

Just like a shower and sink in your home, the FRESH POUR Shower Trailer provides hot and cold water to be easily adjusted to your desired temperature. The FRESH POUR is the perfect solution for construction sites, decontamination sites, emergency locations, water shut-offs, country clubs, beach clubs, pools, athletic facilities, schools and universities, marathons, movie and film shoots, bridge and tunnel jobs, or any location in need of long-term or short-term showers. Thermostat heat and air conditioning will provide necessary year-round comfort. 1500 watt fan forced toe-kick heater will ensure warmth during New York's coldest winter months. A Dometic 15,000 BTU overhead air conditioning unit guarantees comfort throughout the hot summer season. A ceiling vent is available to eliminate steam, odors, and moisture inside the shower trailer.

The FRESH POUR Shower Trailer operates connected to a simple garden hose for fresh water. If there is no water hook-up available, CALLAHEAD's WaterShed 25 or WaterShed 16 is also available to supply fresh non-potable water to any remote location. A separate waste water tank collects all the grey water. CALLAHEAD delivers the world's best portable sanitation equipment and service whenever and wherever you need it.

A 110-Volt outlet or generator powers CALLAHEAD's FRESH POUR Shower Trailer for convenience. The FRESH POUR is available for delivery throughout New York City's five boroughs of Brooklyn, Queens, Manhattan, Staten Island, and the Bronx, and all of Westchester, Nassau, and Suffolk Counties all the way to Montauk Point. With every long-term rental, CALLAHEAD offers cleaning services daily, weekly, monthly or a cleaning service tailored to your requests. Our uniformed service technician will clean and sanitize the FRESH POUR Shower Trailer with only hospital-grade cleaners and disinfectants and pump out any gray water. CALLAHEAD also installs a sign-in sheet in every long-term rental, so you know exactly who and when the FRESH POUR was serviced.

Since 1976 CALLAHEAD has maintained the highest standards in all aspects of our business. We are the definitive experts in our field with countless inventions where no other company in our industry can compare. The FRESH POUR Shower Trailer is a CALLAHEAD brand so you are assured of cleanliness and comfort with service you can trust. Only CALLAHEAD has consistently developed and evolved the industry to supply homelike comfort, hospital-grade cleanliness with stress-free service. It is our commitment never to stop producing so we may provide only the very best in portable sanitation. CALLAHEAD is a New York company only serving the New York area.

THE FRESH POUR SHOWER TRAILER OPTIONAL ACCESSORIES TO RENT:

For added convenience, we are proud to offer the below list of optional accessory items with your the FRESH POUR Shower Trailer. All of CALLAHEAD's rental accessories were selected to deliver the same comforts and hygienic protection of a home bathroom. CALLAHEAD's portable restroom accessory items are unparalleled in the portable toilet industry and include:

Antiseptic Dispenser installed inside the FRESH POUR Shower Trailer filled with our waterless hand sanitizer. Our waterless hand sanitizer kills 99.9% of germs and bacteria and meets OSHA and Health Department requirements for sanitary protection. The antiseptic dispenser supplies approximately 900 – 1300 applications • GoJo Hand Cleaning Dispenser is installed in the FRESH POUR Shower Trailer and filled with the #1 heavy duty GoJo hand cleaner.
