

# CALLAHEAD'S **WHITE WASH** RESTROOM

The **WHITE WASH Restroom** is an innovative design by CALLAHEAD's President and CEO, Charles W. Howard, an award-winning builder and designer. This advanced restroom exemplifies a perfect blend of homestyle and functionality, establishing a new benchmark for portable restrooms. For long-term and short-term rentals, the **WHITE WASH Restroom** is an upgrade from the typical portable toilet to a homelike restroom experience with a porcelain flush toilet and porcelain sink. Constructed of high-quality aluminum and marine-grade plastic, with stainless steel hardware for durability and visual appeal to look great anywhere. The bright white exterior and stainless-steel accents create a clean and sophisticated look. Step inside, you'll discover a thoughtfully appointed interior featuring a porcelain flush toilet, and a sleek porcelain sink basin with hot and cold running water. Conveniences like hand soap and towel dispensers, a well-placed mirror, and bright interior lighting ensure comfort and ease of use. For year-round comfort, thermostat-controlled heating and air conditioning keep the environment perfectly regulated. The **WHITE WASH Restroom** offers homelike amenities and easy operation, providing all the comforts of home for any location.

The exterior of the **WHITE WASH Restroom** is constructed of marine grade plastic with durable aluminum plates and adorned with stainless steel CALLAHEAD specialty signage, ensuring both robustness and a polished, professional look. Additionally, the exterior includes marine-grade aluminum corner moldings, base moldings, and aluminum panels. The roof moldings are fitted with aluminum trim and aluminum flats. For effortless mobility, the unit is equipped with four 4-inch caster wheels, each with a brake to provide both smooth movement and secure stability when stationed. The entry door is fitted with an automatic door closure, enhancing convenience and maintaining the restroom's pristine interior climate.

The **WHITE WASH** system is fully self-contained, featuring two on-demand water pumps that supply fresh water to each of the two freshwater tanks. One pump supplies the sink, while the other supplies the toilet, preventing cross contamination. The freshwater tanks have a marine grade inspection hatch on the exterior to refill water easily when needed. The separate wastewater tanks also have a marine inspection

hatch on the exterior to conveniently service the restroom. The **WHITE WASH Restroom** is fully insulated, allowing it to function efficiently in temperatures well below zero during New York’s winter months.

The porcelain sink basin is placed into a white vanity cabinet and equipped with a chrome automatic shut-off double Moen faucet, which provides both convenience and water-saving functionality with hot and cold running water. Above the sink, wall-mounted stainless-steel dispensers for paper towels and soap offer easy access and maintain a streamlined appearance. A vanity mirror is also included. The low-flush porcelain toilet in the **WHITE WASH Restroom** is operated with a foot-pedal for hands-free flushing

This state-of-the-art restroom is designed to meet the highest standards of quality and functionality. It is an ideal rental option for a wide range of settings, including country clubs, construction sites, manufacturing plants, restaurants, special events, landmarks, business or home bathroom renovations, seasonal locations, parks, and sports fields. It ensures comfort throughout the year with its advanced climate control systems. A Stelpro 1500 Watt fan-forced wall heater provides warmth during cold winter days, while a Dometic 13,000 BTU overhead air conditioning system offers refreshing coolness in the summer without occupying interior space. Regardless of weather conditions, the **WHITE WASH Restroom** offers an environment of comfort, elegance, and reliability, making it ideal for events or locations that require top-tier restroom technology.

The **WHITE WASH Restroom** is further enhanced by an energy-efficient LED pull chain light fixture for plenty of light inside any time of day. Safety is prioritized with non-slip floor treads installed over the plastic flooring, ensuring secure footing and effortless cleaning. The entry door is equipped with an automatic closure mechanism for convenience and privacy, ensuring it always shuts gently behind you. An interior lock offers complete peace of mind during use, and a key lock entry enhances security when rented for private use.

Adding to its exceptional features, the **WHITE WASH Restroom** is available for delivery throughout New York City’s Five Boroughs—including Brooklyn, Queens, Manhattan, the Bronx, and Staten Island—as well as Westchester, Nassau, and Suffolk Counties, all the way to the scenic tip of Montauk Point. Each unit is delivered by a CALLAHEAD professional, uniformed service technician, who will expertly place the restroom precisely where you need it, ensuring a hassle-free and seamless setup experience for any job, event, or location.

In addition to its outstanding design and amenities, CALLAHEAD prioritizes sanitation at the highest level. The company’s dedication to cleanliness is unparalleled, as each service visit utilizes hospital-grade cleaners and disinfectants to ensure comprehensive sanitation of all surfaces plus restock with supplies. This rigorous approach offers unmatched sanitary protection for users, giving peace of mind at every location. By focusing exclusively on New York, CALLAHEAD maintains strict quality control, guaranteeing that neither equipment nor service is ever compromised.

### THE WHITE WASH RESTROOM OPTIONAL ACCESSORIES TO RENT:

For added convenience, we are proud to offer the below list of optional accessory items for your **WHITE WASH Restroom** rental. All CALLAHEAD’s rental accessories were selected to provide the same comforts and hygienic protection as using an indoor restroom. CALLAHEAD’S restroom accessory items are unmatched in the portable restroom industry and include:

- [Antiseptic Dispenser](#) Antiseptic Dispenser can be installed inside the **WHITE WASH Restroom** filled with our waterless hand sanitizer. Our waterless hand sanitizer kills 99.9% of germs and bacteria and meets OSHA and Health Department requirements. The antiseptic dispenser is perfect for sanitary protection before and after using the restroom. The antiseptic dispenser supplies approximately 900 – 1300 applications and is 100% maintained and refilled when needed by CALLAHEAD with its rental.
- **GoJo Hand Cleaning Dispenser** installed inside the **WHITE WASH Restroom** and filled with the #1 heavy duty GoJo hand cleaner. GoJo hand cleaner is popular among auto mechanics for its ability to quickly break down grease and grime. GoJo Hand Cleaner has become popular with construction workers and contractors to remove acids, cement and other solvents from hands. 100% maintained and refilled when needed by CALLAHEAD with its rental.
- [Headliner Toilet Seat Cover Dispenser](#) is installed inside the **WHITE WASH Restroom** filled with 250 toilet seat covers so every user may have a clean, dry and sanitary toilet seat. Headliners are refilled when needed and 100% maintained by CALLAHEAD when rented.

- [Headmist Time Released Air Freshener](#) is installed inside the **WHITE WASH Restroom** that will release a fresh clean scent automatically. The Headmist is refilled when needed and 100% maintained by CALLAHEAD with its rental.

For half a century, CALLAHEAD has set the standard for portable sanitation excellence, led by President and CEO Charles W. Howard, whose visionary leadership has resulted in groundbreaking, exclusive innovations like the **WHITE WASH Restroom**. Established in 1976, CALLAHEAD is distinguished for its exceptional service, innovative designs, and the production of advanced equipment. CALLAHEAD employs premium materials, sophisticated engineering, and high-quality amenities to ensure comfort, durability, and style. This is exemplified by the uniquely designed **WHITE WASH Restroom**, which offers climate control and home-like amenities and finishes, ensuring users have a comfortable experience comparable to using a permanent restroom. With professional service and delivery extending throughout New York City's Five Boroughs, Westchester, Nassau and Suffolk Counties, CALLAHEAD continues to be the trusted choice for those seeking unparalleled quality, backed by nearly 50 years of expertise. When you want the world's best for your business or event there is only one, CALLAHEAD!
